SIX CLEWISTON residents lost their lives when this auto was struck by a semi and burst into flames on U.S. 27 23 miles south of South Bay Jan. 21. The car was

involved in a six-car chain reaction when smoke obscured the roadway. Clewiston Policeman Tito Nieves lost his wife and children and was injured himself.

## 6 die

(Continued from Page 1)

Born April 7, 1980 she was the daughter of Juan and Elva Mendez Alvarez, 334 E. Trinidad Ave., who survive. Burial followed in Ridgeland Cemetery.

According to highway patrol reports the accident occurred when a silver Volkswagen had stopped on U.S. 27 because the road was covered in smoke from burning sugar cane in nearby fields.

However, according to other sources, there was no sugar cane growing in the vicinity and the smoke may have come from a muck fire.

The Volkswagen was hit by a 1980 Datsun pickup driven by Lavon Motley, 64, of Hialeah, Fla. The driver of the Volkswagen fled the scene in his damaged car.

The Datsun was then struck by a International tractor-trailer driven by Bobby Joe Barlow of Montgomery, Ala.

The fourth vehicle, the Nieves 1975 Plymouth four-door, burst into flames after being struck in

the rear by a tractor trailer transport driven by Donald Martens, 26, of Umatilla, Fla.

Martens was treated and released from Glades General Hospital. His tractor trailer was totaled by fire also.

A tractor-trailer driven by James Alan McCurry of Eustis then struck the rear of Marten's truck. McCurry was listed in stable condition at Glades General Hospital.

Charges are pending from the accident. J. M. Brown is investigating the accident along with A. Q. Morris, homicide investigator.

Officials closed down the road for several hours while burned wreckage was removed.

Donations are being accepted in Nieves name at the First Bank of Clewiston, Clewiston National Bank, Hendry County Sheriff's Department, and Clewiston Police Department to help defray the expenses.

A NEW KIWANNIAN was inducted into the club two weeks ago. Alan Bruni, is inducted at the meeting Thursday, Jan. 14, by Ed Rongione, right. Looking on is Kim Allen, left.

## 2 paintings donated to library in memory of Allison

The Belle Glade Municipal Library is the recipient of two paintings donated by Mrs. Karin Schulz. Mrs. Schulz gave the paintings to the library in memory of her father, the late Dr. R.V. Allison. Ms. Phyllis Lilly, librarian, admires the new etchings.

**BELLE GLADE**—The Belle Glade Municipal Library is the recipient of two original paintings from Karin A. Schulz, a former resident of the city.

Mrs. Schulz, the daughter of the late Dr. R. V. Allison, gave the paintings to the library in living memory of her father.

Dr. Allison, who died on July 29, 1981, was a professor at the Agricultural Research Center in Belle Glade, which is operated by the University of Florida.

Mrs. Schulz, an artist and printmaker, is originally from southern Florida. She received her Bachelor of Science degree from Purdue University, West Lafayette, Ind., in 1960.

In 1961 she moved to San Francisco and has been actively involved in art since 1962.

After spending many years with watercolor she shifted her interest to printmaking and has focused mainly in the etching and monotype process since 1975.

Ms. Phyllis Lilly, librarian said the two prints on display are titled Palmetto I and Palmetto and Fern.

Mrs. Schulz is professionally affiliated with Viewpoints Gallery of Lost Altos, Calif. Mrs. Allison, the wife of the late Dr. Allison, still resides in Belle Glade.

## Consolidated

(Continued from Page 1)

estimated cost of \$6,887,000.

Items necessary to renovate the building include:

- A new gymnasium.
- Covered walkway between campuses.
- Additional restrooms.
- Furniture additions and replacements.
- Remodeled buildings and labs.
- Insect extermination, estimated by Munroe to exceed \$100,000.
- New lockers.
- Upgraded athletic fields.

The advantages to a consolidated high school, as provided for in proposal one, would include increased use of West Tech, according to Munroe.

It could also provide a "deeper and wider curriculum" in such areas as foreign languages and advanced mathematics and sciences, he said.

Advantages to proposal two, which involves retaining separate high schools, would include lower transportation costs. At the cost of 50 cents per student per mile, it is estimated the board would incur an additional annual expense of \$50.4 thousand to bus students to a consolidated high school.

Another advantage would be the continuation of local pride and tradition around each school and its community, according to Munroe.

Most of the citizens electing to speak to the board expressed disapproval with the consolidation option.

Robert B. Simonson of Bacom Point Road, Pahokee, told the board it should consider spending more money on the quality of education than on consolidating the two schools.

"I always figured you could teach reading and math under a shade tree if you had to," he said.

Each community has its "rich," said Simonson, using an argument which would be repeated throughout the night. "Kids become anonymous in a larger school and figure they can get away with a little bit more. And they're probably right. It's the wrong way to destroy the identity of each community."

Bess McIlwain of Bacom Point Road in Pahokee urged the school board to retain the present system of two high schools in order to retain racial harmony in the communities.

"It's small, but we like it like that," she said, adding it permits students and teachers to get to know each other.

"What time will my child need to get up to get to school?" asked Henrietta Allen of Belle Glade Road in Pahokee. "If you consolidate these schools, good students may become lousy students due to the fear of the ride home. You need to consider the health and welfare of the kids."

"A larger school would make my child a number—rather than Lisa Miller," said Harma

Miller of SW 16th Street in Belle Glade. "It would allow those pushers and others who don't recognize to enter the school."

"Each school has its own problems," said Bud Pitts. "And you don't solve all those problems by putting them in one building. If you consolidate these schools, you're just going to create problems."

Reverend Al Donovan of East Main Street in Pahokee said consolidated schools could only hinder race relations in Pahokee and Belle Glade.

"We have a lot of parents sending their children to private schools and, well, we all know why," he told the board. "Some of them are starting to put their kids back into the public schools in Pahokee. I'm afraid we would have a great white flight at the time of this consolidation, therefore creating another ghetto and setting back our relations perhaps two or three decades."

"I see a golden opportunity for somebody to save one and a half million dollars and give the people what they want," he continued.

"Can you put out a better quality education in a larger high school than you can in a smaller school?" asked Pahokee Councilman William E. McKinstry.

"I don't think so," responded Superintendent Thomas J. Mills. "That happens in the classroom between the teacher and the student."

Belle Glade Mayor Thomas L. Altman addressed the council on the impact a consolidated school would have on teacher's salaries, curriculum and athletics.

"Would there be an expanded curriculum?" he asked.

"Just going on what happened at schools on the coast, yes," said Mills.

After the citizens were given a chance to express their views, the board members each addressed the issue.

Sam Lovell, the Glades board member, said he would vote against the proposal, if the vote was taken that night.

"I don't think we've explored all the alternatives yet," said board member Robert S. Howell.

According to Paula Nessmith, students in Jupiter conformed when a schools were consolidated despite the parent's wishes.

"I as a parent am not concerned which school my children go to," said Vice Chairman Susan Pell. "My concern is whether they are getting an education. What we want sometimes is not always the best thing."

"Anything that is done is not going to work without community support," said board member Louis Eassa.

Mills said he expects the board to make a decision by July, if not sooner, on the two proposals.

## AREC hires 5 new faculty

The Agricultural Research and Education Center (AREC) at Belle Glade is a unit of the University of Florida, Institute of Food and Agricultural Sciences. The Center, which is located on State Road 80 3 miles east of Belle Glade, conducts research and educational programs on crops and livestock in the Everglades Agricultural Area. The Center was established in 1921, and was originally named the Everglades Experiment Station.

Dr. J.M. Good, Center Director, announced the hiring of five new faculty, who will strengthen agricultural programs in the Everglades. The new faculty are: Dr. David L. Anderson, Assistant Professor, Sugarcane Nutrition, is a graduate of the University of Wisconsin and will begin work in Florida in February. Dr. David B. He will be accompanied by the "14 Karat Gold Band" from Cocoa Beach and other special guest.

Mrs. Buckner said there will be a dance and a fashion contest and many door prizes donated by local merchants will be presented.

The attire for the dance is fashions from the '50s.

Helping the Junior Women's Club plan the activity is Mrs. Bee Wood, a member of the executive board of directors of the American Heart Association for Florida and Palm Beach County.

The American Heart Association Florida affiliate recently released information stating heart disease and strokes cost Florida over 50,000 lives annually and \$2.1 billion loss.

A breakdown of the \$2.1 billion in economic costs indicates that the largest share went to hospital and nursing home services, with the balance attributed to lost employee output, physician and nursing services and medications.

In 1981, the Association comprised of eight local chapters and eight divisions throughout the state invested \$629,471 in 41 local research projects. Funds donated by local Glades residents attending the 1981 Heart Ball were part of that investment.

If research, one answer to reducing the death and disability of heart attacks and strokes is to continue Glades residents are asked by the Juniors to support the Annual Heart Ball, with their charitable donations by attend the 1982 Heart Ball.

# Everglades history

20 YEARS AGO  
**BELLE GLADE HERALD**  
 JANUARY 25, 1962

Belle Glade police officers solved an attempted murder, a rape, a case of arson, a forgery, 13 breaking and enterings and five auto thefts, all in one week, and that wasn't the full list of business for the department.

Five other persons, one a woman, were in jail as material witnesses, or participants in a robbery-killing of Rudolph Blackwood, a Jamaican who was found floating in the Hillsboro Canal some time before.

The continuing controversy over whether a consolidated hospital should be built for the use of residents of Belle Glade and Pahokee continues with the announcement that the hospital in Belle Glade had 72 adults and children and five babies listed as patients.

The facility's capacity was set at 45 adults and 12 beds and beds had to be borrowed from Clewiston to fit in all the patients.  
 The public was again being told that "SOMEBODY is going to do SOMETHING" about fallout shelters. Gee' Jensen Engineers were hired to survey the county west of 20-Mile Bend and south of the West Palm Beach Canal to find possible shelters. The shelters were to be suitably marked and stocked with survival kits.

30 YEARS AGO  
**BELLE GLADE HERALD**  
 JANUARY 25, 1932

Liquor, religion, politics, morals, finance and curiosity were all elements of an argumentative debate that resulted in a pledge by Donald Kirkman to pay for a straw vote on when city bars should be closed.

The city commission had recently passed an ordinance closing bars except for the hours from 8 a.m. to midnight six days a week and the debate drew people interested in the possibility of other hours. Kirkman spiked a plea by the commissioners that the city couldn't afford to pay for the election.

The cornerstone for Belle Glade High School, later to be known as Glades Central, was set with the cooperation of the Grand Lodge of Florida F. and A. providing the masonic ceremonies.

Florida Power & Light and Southern Bell Telephone Co. crews were kept busy for hours, repairing damages caused by teenage boys who brought down a 13,000 volt transmission line over a telephone line by shooting at (and hitting) an insulator.

When the line, located near WSWN Radio Station, fell, it put the station out of operation for two hours, burned up a transformer and equalizer and put the city water pump out of operation.

40 YEARS AGO  
**BELLE GLADE HERALD**  
 JANUARY 25, 1942

The Belle Glade and Pahokee Defense Councils, in order to further the all out policy of President Roosevelt, which called for the full use of all resources, asked for help from Local Draft Board 4 to aid in the "work or fight" campaign.

Board members agreed with the councils that, "sending the no good workers to the army and keeping the good ones," might be a wise policy, it didn't fall within the board's powers.  
 A Red Cross first aid class was started at the Lake Harbor Community Church in connection with the Lake Harbor Defense Council. All residents were urged to attend by Luther Jones, chairman of the area defense council, who said one without the training would be qualified to receive a defense council badge.  
 Two wild cats which had been taking heavy toll

of the Orris Burkett poultry farm in Lake Harbor were captured in a 10-day period near Liberty Point. Burkett said the second cat weighed 75 pounds and measured 5 feet 9 inches.

30 YEARS AGO  
**PAHOKEE NEWS AND PHILOSOPHY**  
 JANUARY 22, 1932

The double announcement of a new newspaper and the retirement of former Glades newsman and legislator Howard Sharp was made on the front page of volume 1, number 1.

Sharp had edited the Everglades News at Canal Point and a story in the Florida Newspaper News said he quit work, "by most unusual circumstances—a lack of competition, things running too smooth, thereby creating a condition that is uninteresting, nothing to bring out effort or test his strength, not even a challenge."

Sharp, according to the article reprinted on the first page, said he had no further ambition for political preferment, "don't need a newspaper to build political fences and has enough laid aside as dependents, so he don't need to run a newspaper to make a living."

"And then Howard may be lucky in another way as he has no family, no children, no dependents, and not even a wife to advance in society. So someone is going to come into possession of a good newspaper property at Canal Point."

The two men who inherited the "property" were Editor Charles B. Barfield and General Manager Louis C. Goolsby.

One of the stories on that first front page recalled still another early newspaper, the East Beach News, published in Pahokee in 1922 by Guy Stovall and Paul Marzoff.

One of the stories that earlier newspaper carried on the front page was the organization of Pahokee into a community.

City officials chosen included Mayor Homer Vivian, Clerk F.E. Cecil, Marshal Charles Priest and Dr. D.S. Spooner, A.R. Rice, O.B. McClure, C.R. Baker and R.B. Bell as councilmen.

The article was very informative and most beneficial, in the Division of Senior Services, continual efforts to educate, inform, identify, contact and assist the elderly, recruit the needy elderly in our service area.  
 Again thank you for your concern, support, cooperation and assistance.

## No forgetting ...

It has been three months since Richard Smitley suffered a serious spinal injury during a Clewiston-Pahokee junior varsity football game. The injury left him a quadriplegic.  
 Richard is now in the Lucerne Spinal Injury Center in Orlando, where he continues to bravely battle his injury.

Though paralyzed from the shoulders down, he is learning to move his arms and is taking the first tentative steps towards learning to feed himself.

Richard is one of the most seriously injured patients at Lucerne, but he sets an example for the others with his refusal to give in to his handicap.

Incidentally, the student from Boca Raton who suffered a spinal injury similar to Richard's a few weeks earlier is also at Lucerne.

Richard and his parents, Mr. and Mrs. John W. Brown, have no doubt that he will be coming home some day.

The Browns are beginning to think ahead to that time. They will have to extensively remodel their home, putting in ramps and widening doors so that their wheelchair-bound son can get around.

They will have to build a new room which includes heat lamps in the ceiling to keep Richard warm. When Richard's spine was damaged, he lost more than the use of his limbs. He lost his body thermostat and his appetite. His new room will also have to include special shower facilities.

More than likely, Richard will spend the rest of his life at home with his family. His family will probably have to hire a nurse to help take care of him. The Browns will also have to buy a van so that they can transport their son.

All of this — 15 days at Lucerne cost \$8,000 — is expensive.

Thus far, \$9,593 has been contributed to special accounts at Clewiston National Bank and First Bank of Clewiston.

As much as money, however, Richard needs the letters and cards of support from his friends and neighbors back home. Correspondence should be addressed to:

I couldn't help but note that Extension Agent Billy O. Bass was quoted in the Glades County Democrat last week as saying that the severity of this year's freeze is tied to the low lake level.

The heat that would have been given off by a higher lake level would have increased air temperatures as much as 10 degrees, he said.

The low lake level and the freezing temperatures are not two disasters, he said. "It's one big disaster."

When I was a kid, I enjoyed the halftime show at football games more than the games themselves.

I enjoyed the band playing and the pageantry.

But since my teenage days, I have enjoyed the game more than the halftime show.

I think I've started a new cycle all over again. Because I found myself Sunday enjoying Up With People more than Super Bowl XVI.

Of course, the way the game was played may have had something to do with the way I viewed it.

The first half was no contest with San Francisco jumping out to a 20-0 lead. Cincinnati came back in the second half, but only the most die-hard Bengal fan could have harbored any real belief that the 49ers could be overtaken.

Super Bowl XVI seemed like so many of the other Super Bowl games which preceded it: a letdown.

One of the problems I believe is the two week lagtime between the conference championship games and the final big event.

Perhaps if the two conference champions moved right into Super Bowl Sunday the following week, the players would be looser and the quality of play better.

This is unlikely to happen, however, and the NFL may have no other alternative than to provide ever more sensational halftime shows.

This at least injects a measure of unpredictability into Super Sunday.

# Firemen repulse fierce fire

FIREFIGHTERS were joined Tuesday by a water-bucket hauling helicopter from Miami. The worst lake fire in more than a quarter century reached the northern limits of Clewiston Tuesday night before being turned back.

The worst Lake Okechobee brush fire in more than a quarter century burned to within several hundred yards of a north Clewiston neighborhood Tuesday evening before being repulsed by firemen.

Smoke so dense that it burned the lungs and reduced vision to about five feet carried sparks across canals, scattered them on roof tops, and started scores of small fires on the south side of Canal 21.

Fire, pushed along by winds gusting to an estimated 30 miles per hour, consumed underbrush faster than a man can run at times Tuesday.

Clewiston firemen responded to the blaze about 12:45 p.m. Tuesday, but when the fire jumped the dike about one mile west of Culvert No. 2 and took aim on Clewiston, firemen retreated to the city limits to protect homes.

"It sounded like a tornado going through the melaluca trees," said Fire Marshall Ernie Miller. Tuesday's assault on Clewiston was the grand finale for the fire which had started late Friday or early Saturday and had cast a pall of smoke over much of the south and western shores of Lake Okechobee.

Dense smoke hung in the air up to 6,000 feet from Moore Haven to South Bay.

Burning trees toppled into the Rim Canal and made boating hazardous. Fleeing rabbits, wild hogs and other animals took to the water to save themselves.

As of this morning, volunteer firefighters kept a fire watch on the north side of the city after a heroic battle which began yesterday to save residences in the Ridgewood and Ridgeway subdivisions threatened by blazing brush fire.

The fire did not become a serious threat to that area until midafternoon Tuesday although shortly after noon firemen had been called out to extinguish a black near culvert 2, west of the Ridgewood area. While one unit remained on watch, a second unit was called to Harlem to fight a grass fire ignited by burning trash.

Meanwhile, reports of serious outbreaks on the levee near Uncle Joe's Cut began coming in and Clewiston and Moore Haven firefighters joined in fighting that blaze, joined by US Sugar Corp. and Florida Division of Forestry crews.

For a time during the afternoon Benbow Village was reportedly threatened by surrounding cane fields which had apparently been ignited by sparks from the burning trees and brush.

According to reports, the fire continued to spread eastward and as it approached Clewiston, some two miles west of culvert 2, it jumped the

Rim Canal and began burning brush along the banks of a drainage ditch to the south.

By 5 p.m. Clewiston Fire Chief Ernie Miller was urgently radioing for all possible assistance. "We got fire all around us," he reported.

Flames had reached the area northwest of the Ridgewood subdivision, posing a threat to homes because of flying particles.

Firefighting units were positioned at intervals along the south bank of the ditch prepared to pump water onto flames if they crossed the ditch, located about 2,000 feet north of homes on Ridgewood Drive.

Overhead a helicopter with a suspended bucket was barely visible in the heavy smoke as it dumped water onto the flames. The helicopter, owned by Carl Helicopters of Miami, was requested by the Corps of Engineers.

At 6:15 p.m. phone calls began going out to Ridgewood residents asking them to turn lawn sprinklers to wet down adjacent grass. Many residents were already wetting down roofs and others stood on rooftops to watch the encroaching fire.

In response to Clewiston's call for help, volunteer fire fighting units arrived from as far away as Orlton and Buckhead Ridge shortly before 7 p.m.

Numerous residents, including city employees, were already assisting firefighters and several firms with mobile tanks filled with water had begun arriving.

Throughout the evening firefighting efforts were hampered by heavy traffic and pleas from firemen to "get the sightseers out." With the aid of Clewiston police, Hendry Sheriff's deputies, and Florida Highway Patrol officers, streets leading to the endangered area were eventually closed off to all but necessary personnel.

While fire trucks stood by, fire breaks were cut along the north side of the ditch along the levee by heavy equipment brought in by USSC, the U. S. Army Corps of Engineers, the Division of Forestry, J. C. Swindle and Ridgill and Sons.

## Police seeking robbery suspect

**BELLE GLADE** - The Belle Glade Police Department is looking for a man in connection with a Saturday, Jan. 16, robbery at Eagle's Discount Store.

According to Detective John Carney, a Spanish speaking male in his 20s remained in Eagle's after the doors locked at approximately 10 p.m. and demanded that money be placed in a bag.

He kept his hand in his pocket, leading police to believe he was armed.

After obtaining about \$4,000 in cash and checks in a bag, he had the doors unlocked and

forced the store employees to lie on the floor. He fled the store on foot.

Police are also looking for a yellow mid-sized automobile which was seen leaving the area soon afterwards.

Sergeant Ron Shunk and police dog Bear pulled a track south of the door. The trail ended at the road, according to Carney.

According to Carney, the police are looking for a man with a dirty appearance, medium build and dark complexion speaking broken English.

Patrolman Sergio Longious worked the original investigation.

## Pahokee upsets North Shore

By ALMA HENRY

**PAHOKEE** - It's not unusual for the Pahokee High School Blue Devils to defeat schools that are much larger than them. Yet when the Blue Devils defeated the North Shore Mustangs, one of the state's toughest 3-A teams, the Devils felt the victory was a sweet one.

The Devils defeated North Shore by a score of 53-52 Friday evening, with Senior Floyd Henry hitting the net for 20 points.

Friday's victory over the Mustangs avenged an earlier loss when North Shore won by two points.

In that game, the Devils led by one point, when the Mustangs scored a basket at the final buzzer.

The teams swapped the lead throughout the game until near the end. At the end of the first quarter the Mustangs led the Devils by three points.

Going into the second quarter with a score of 15-12, the Devils outscored North Shore, but the Mustangs went into the half with 29-24 lead.

With Walter Johnson grabbing the rebounds for the Devils, Pahokee stayed close to the Mustangs in the third quarter with both teams scoring 14 points.

Anthony Mitchell, the third leading scorer in the Suncoast West Conference with 291 points and averaging 22.4 points a game, scored 27 points for North Shore but it was not going to be enough as the Devils outscored North Shore by two points to win the game in the fourth quarter.

With North Shore leading 52-50 with 1:47 remaining in the game, Henry missed a shot for the

Devils but was fouled. He hit both free throws to tie the game at 51-51.

Three players scored in double figures for the Devils. Walter Johnson scored 14 pounds and had 22 rebounds, Joe Walker had 10 points, Anthony Wilson contributed seven points and Anthony Bryant had two points.

The loss dropped the Mustangs from the number one position in the Suncoast West Conference to second place behind Glades Central High School.

The Pahokee J.V. defeated North Shore by a score of 77 to 55.

In Saturday's game played in Belle Glade, the Devils defeated the Christian Day School Crusaders 67-45.

The Devils used balanced scoring and control of the boards to bury the Crusaders.

Junior Walter Johnson scored 18 points and pulled down 23 rebounds to lead the Devils to victory.

The Crusaders tried to overcome the Devils in the third quarter by outscoring them 16-8, but it was not enough to overcome the large margin the Devils had built up.

During the final quarter Pahokee scored 18 points to Belle Glade 13, enroute to an easy victory.

Anthony Bryant scored 13 points for Pahokee, Kirk Patrick had 11 points, Joe Walker, 10; Melvin Jones, seven; Antonio Wilson, six; Alvin Hill, two and Walter Johnson had 23 rebounds.

## Bussie sisters lead Raiders to victory

**BELLE GLADE** - The Bussie sisters, Denise and Diane, scored 14 and 18 points respectively Thursday night in West Palm Beach as Glades Central used a fourth quarter rally to beat North Shore 51-41 in a girl's high school basketball game.

The win gives Glades Central a 9-0 record

and first place in the Suncoast West Conference. The loss was the first for the Mustangs in conference play after eight straight victories.

Leading 42-38 with two minutes remaining in the game, the Bussie sisters took control and the Raiders outscored the Mustangs 9-3 to

give Glades Central its 13th win against one loss. The Raiders only lost was in a game against Belle Glade Christian.

Andrea Cowart, who averages 17 points a game, led the Mustangs in scoring with 14 points before fouling out at the end of the third quarter.

Gloria Stewart scored 11 points for the Raiders. Sharon Roberts had four points, and Annette Miller had eight points.

The two teams meet again Monday, Feb. 8, at Glades Central in a game that might decide the conference championship.

## Crusaders stumble against the Tigers comeback against Berean Christian

By JEFF BROWN

**BELLE GLADE** - The Christian Day Crusaders played three important games last week and came away with just one victory.

They started the week Tuesday, Jan. 19, with a loss to the eighth ranked class 2A Clewiston Tigers.

Friday, they won their homecoming game against Berean Christian.

The next night, the Crusaders hosted the Pahokee Blue Devils, the 2A power which upset Clewiston earlier. It should have come as no surprise that the Devils also handled the Crusaders easily in the first half. In the second half, however, the Crusaders outscored the Devils by two points.

"The boys finally realized they have to get back to playing team ball," said Crusader Coach Walter Salvo.

He credits the lack of team play with the lopsided score against Clewiston earlier in the week. The Tigers won that game 81-58.

"They were pretty hot and they were playing terrible," he said. "Mostly not enough team work. We couldn't get together. It was just really sloppy basketball, mostly."

Luis Garcia put in a 30 point game against the Tigers, but it wasn't enough to pull the Crusaders over the top for the win. The second leading scorer, Alex Morales, scored 14 points, and the remaining 14 points were scattered through the rest of the team.

Salvo said the team was still playing sloppy Friday, January 22, against Berean, but that didn't stop them from picking up a win to entertain a homecoming crowd.

"We were still sloppy," said Salvo. "But we came out with a victory. Most of the team wanted to run and gun. They (Berean) played bet-

ter ball than we did, really."

At the half, the Crusaders led by five, 35-30. They kept that margin throughout the game, although at one point they led by 11. The final score was 67-62.

At half-time, Lisa Acree was crowned homecoming queen.

Four Crusaders went into double figures on the night: Luis Garcia scored 18; Alex Morales 16; Scott Hudson and Tavi Garcia 11.

"We didn't move the ball like we're capable of on offense," said Salvo. "And we were a little sloppy on the defense."

Luis Garcia scored 199 points in 13 appearances this season, giving him an average of 15.31 points per game. He also averages 8.92 rebounds each game.

Alex Morales is the team's second leading scorer, with 163 points, or 12.54 points per game in 12 appearances. He averages 2.46 rebounds per game.

Scott Hudson, at 145 points, averages 11.15 points per game and 9.46 rebounds per game. Tavi Garcia scored 160 points in the season and averages 7.69 per game. He gathers about three rebounds per game.

Cary McKee is fifth on the team with 54 points or 4.15 per game. He averages 4.62 per game.

"We're shooting 40 percent from the floor," said Salvo. "That's not too bad. I wish it was a little higher, but it's not too bad. We're building for districts is what we're shooting for. We have to get our defensive ball together a bit."

The Crusaders are now 6-7. This week, they meet Bishop Verot and Fort Myers. The Bishop Verot game is at home Friday, January 29. The game time is at 8 p.m.

**VOLLEY BALL HONORS** went to, from left, Cheryl Hooker, varsity MVP; Jamie Willis, junior varsity MVP; Claire Pope, varsity

most improved player and Yvonne Bolles, junior varsity most improved.

## Glades Day girls defeat 2

**BELLE GLADE** - The Glades Day Girls Basketball team last week went on a romp and beat two opponents, including LaBelle which was ranked in the state 2A polls earlier this year.

For the first time in the history of girls basketball at Glades Day, four girls went in to double figures in one night as the Gators pounded LaBelle 62-46.

Angie Adams led the team with 19 points, followed by Mel Swager who had a 13 point game. Kelly Teets scored 11 and Judi Austin scored 10.

The Gators jumped to an early lead and never relinquished it. At the end of the first

quarter, they led 17-7. That lead was extended in the second and at the half, they were ahead 36-13.

"The Gators came out in the third minus a little steam, but they tacked on one point to the lead, going into the fourth with a 47-23 lead.

Through the fourth, Coach Mandy Perez substituted some second string players, and LaBelle started a comeback, but fell far short of the victory, ending the game with 46 points to the Gators' 62.

Lauralee Green scored eight points and Janet Warren scored one. "It wasn't like we

were just throwing the balls up there and they went in," said Perez. "We worked for real nice shots and we got our shots off."

Earlier in the week, the Gators beat King's Academy by the deceptive score of 49-40.

King's was behind 20-40 at the end of the third when Perez decided to give the bench some playing time. In that quarter, King's outscored the Gators 20-9, doubling their own score and coming within nine of turning the game around. But it looks closer than it was, according to Perez.

"I was keeping my eye on the clock," he said. "I was watching

the time very closely. It dropped to a seven point lead, and I put the starters back in."

Perez sees some improvement in the team in some areas, and not enough in others.

"Our fast-break got going," he said. "That's how we scored a lot of those points in that game. Our passing improved a lot on the last two games."

"Our rebounding's not where I'd like it to be. Where we're getting there is the other team's defensive boards. We're not boxing them out; real good."

Adams led the team in scoring with 15 points against King's.

King's Academy travelled to Belle Glade for their matchup with the Gators of season Tuesday, January 19.

When they left, they had dealt the Gators their first loss since the Glades Day Christmas Tournament before Christmas.

King's found itself behind 10-16 at the end of the first quarter, but went up by one, 29-28, when the halftime buzzer sounded.

When the third quarter ended, the Gators had opened up a slim 43-42 lead, but it wouldn't hold.

The two were tied when King's hit a twenty-point jumper with 17 seconds in the game and Glades Day failed to retaliate.

King's won the contest, 60-58.

"If you get in a tight game like that and you make little mistakes, you can't win," said Gator Coach Richard Schmidt.

Richard Schiele picked up the team's scoring and rebounding honors for the night after scoring 15 and recovering 12.

Raul Garcia scored 14 followed by David Lakatos who scored nine.

Oscar Toledo scored eight, Scott Meridith scored seven and Jorge Rodriguez scored four.

Andy Fontaine scored one point.

Thursday, January 21, Pope John Paul came to Belle Glade and, after a good showing in the first half, lost the game.

John Paul was up 14-12 at the end of eight minutes of play.

The two were tied when the Gators were behind 36-31 at the end of the first half, but they came back strong after the break.

They outscored John Paul 19-9 in the third and 24-20 in the last eight minutes to clinch the victory, 74-65.

"We came out in the third quarter and in the first three minutes outscored them 14 to two," said Schmidt.

Raul Garcia scored 23 of the Gators points followed by Schiele and Lakatos with 17 each.

Lakatos also led the team with nine rebounds. Rodriguez and Merideth each scored six. Toledo scored four and Fontaine scored one.

Saturday, Fort Myers Evangelical Christian arrived in Belle Glade to deal the Gators their second defeat in three games.

They trounced an early 19-11 win in the first quarter, and extended that lead to 29-20 at the end of half.

In the second half, the Gators outscored their opponents 31-26.

"They (Fort Myers) were ahead the whole game except with about 40 seconds to go," said Schmidt. "Both games we lost we were ahead in the last 30 seconds."

Merideth led the team with 12 points followed by Schiele and Lakatos with 10 each. Schiele and Merideth each picked up a team leading six rebounds.

Rodriguez scored seven points, Garcia six and Toledo four. Fontaine scored two.

## Fashion Fair to appear at WPB

**WEST PALM BEACH**—The Delta Sigma Theta Sorority, Inc., will presents the Ebony Fashion Fair, Saturday, Feb. 6 at 8 p.m., at the West Palm Beach Auditorium. Tickets are \$13 and can be purchased from local members of the sorority.

Ebony Fashion Fashion is sponsored by Johnson Publications. Ebony Magazine editors decided 24 years ago that expensive clothes would be put to good use raising money for people who could not afford them. They put together a fashion show that included clothes by top designers and gave benefit performances in major cities around the country.

In its history, the show has raised more than \$12.5 million, 75 percent of which was earmarked for academic scholarships for minorities and for civic and social organizations.

The 1980 Chicago show, sponsored by the United Negro College Fund, holds the highest record for attendance, earning \$54,000 for the

organization.

Eleven women and two male models will parade down the runway wearing designer clothes including Stephen Burrows, Halston, Bill Blass, Christian Dior, Yves St. Laurent, Lanvin, Missoni, among others. The commentator is Shayla Simpson, a former model who has promoted the Fashion Fair on the Mike Douglas and Merv Griffin television shows and Good Morning America.

Besides raising money for civic organizations, the Fashion Fair serves as a showcase for black models wearing high fashion designs.

Because of the requests for sponsorship of the show by charitable organizations around the country, Ebony Fashion Fair now tours two seasons: the East and Midwest from September through December and the Southwest from January through May. The show will appear in 174 cities this year.

## DR. DAVID T. EVANS

### EVERGLADES PRESBYTERIAN CHURCH

Obedience is vital in any organization. From the beginning of the Jewish-Christian heritage obedience has been demanded. Yet obedience is one of the hardest things for Christians and Jews to do. Most of us need motivation. What is the highest motivation for obedience? Or what would call forth the greatest allegiance?

The Lord God gave His people Ten Commandments. These were ethical and practical commandments for the chosen people of God. The Lord took time to show the importance of them and even got their acceptance. The people gave shouting approval of the divine legal code.

Yet time and time again the Hebrew (Jews) people failed to keep the commandments individually and as a nation. Their failure to obey brought distress, corruption, and captivity. The people needed a greater motivation than fear of punishment.

God provided a much greater motivation — love. Jesus expressed this new way of life. "A new commandment I give to you, that you love one another; even as I have loved you, that you also love one another." (John 13:34).

The Lord knew that His people needed to be lifted by stages to an even higher level of moral living. In the Old Testament God outlined the ceremonial and purity codes for His people, in addition to the Ten Commandments.

In the New Testament, Jesus presented the essence of inducement. "...And He said to him, 'You shall love the Lord your God with all your heart, and with all your soul, and will all your mind. You shall love your neighbor as yourself.'" (Matthew 22:37-39).

Jesus' life was an exhibition and an exposition of His words. He was saying you have seen how I have lived, and you have seen it symbolically demonstrated in the washing of feet and in the eating of bread and wine.

The cross is the ultimate expression of God's love for His disciples and for us. Loving your

neighbor was not new but the depth of his love was.

Jesus gave of Himself fully. He gave Himself and He gave without limit. The Master knew the weaknesses of His disciples and acted accordingly. The love of Jesus, while being kind and careful, is also open-eyed. He knew what Judas was going to do.

The disciples were to live this kind of love and the world would know that they were Jesus' followers. Actually, if Christians show love toward one another then they are letting Christ show through their actions.

Jesus gave a commandment which was both old and new. God's people were enjoined in the Old Testament to love God completely and their neighbors as themselves. They needed the motivation.

Jesus provided God's motivation for obedience. Love given by Christ is the greatest stimulus the world has ever known. Jesus lived it and died for it and was victor for it and for us. Let this motivation live with you and see how your living improves!

**Where Someone Trudged Before**

How deep is the snow? How high is the terrain that lies beneath? You can never see it and there are footprints to follow. It is easier to make one's way through the snow than someone who has trudged before.

At the heart of the Christian religion is the belief that God gave his own Son, to be our Savior, and also to be our example. The study of his life is, therefore, an important part of Christian education. Through we cannot see to be like him — we can learn to love. His challenges and others with the same resolve courage and commitment.

Who else stands alone? Someone has shown the way.
